# **EXECUTIVE COMMITTEE**

**AGENDA ITEM 5** 

## **DATE**

June 18, 2025

#### **SUBJECT**

**Revised Capital Improvement Plan** 

#### **PURPOSE**

Update Metro's CIP to reflect amounts in upcoming grant applications.

# **BACKGROUND/ANALYSIS**

On May 14, 2025. The FTA released a joint Notice of Funding Opportunity (NOFO) for FY 2025, offering approximately \$1.1 billion through the LoNo Program and \$398 million through the Bus and Bus Facilities Program. These programs support the purchase, lease, rehabilitation, or construction of buses and related facilities—with the LoNo Program specifically targeting low or no emission buses and infrastructure. Applications for both programs are due by July 14, 2025, with award selections expected within 75 days of the application deadline.

In order to be eligible to be awarded either of these grants, agencies must be able to provide documentation of local match commitment. For Metro this documentation is a copy of Metro's current Capital Improvement Plan (CIP).

The revised plan reflects the addition of six diesel buses for planned service expansions in South Portland/Scarborough and takeover of the existing Lewiston/Auburn/Portland regional transit route. The total funding request for this purchase is \$5,000,000 (\$4,250,000 federal, \$750,000 non-federal).

Metro is also seeking funding for three zero emissions buses and related charging equipment. This funding request is related to scheduled replacement of Metro 2014 CNG buses. This funding request is \$5,000,000 with the same 85% federal share and 15% non-federal share.

The attached update CIP includes both new request amounts combined in FY2027 and also updates to the current year CIP to include discretionary funding awarded earlier this year. Only the "Fleet Replacements" line in the CIP has been updated. No other changes are currently being proposed. Staff will present an updated CIP this fall as part of Metro's regular budget process.

#### **FISCAL IMPACT**

Applying for discretionary funding is a key strategy to reduce the amount of formula funding that must be used to cover capital expenses. Should Metro be award one or both of these grants it will have a significant positive effect on Metro's long-term financial sustainability.

## **RECOMMENDATION**

Executive Committee recommend approval of the revised CIP to Metro's Board of Directors.

# **EXECUTIVE COMMITTEE**

**AGENDA ITEM 6** 

## **DATE**

June 18, 2025

#### **SUBJECT**

**Revised Advertising Policy** 

#### **PURPOSE**

Update Metro's Advertising Policy to authorize the Executive Committee to act on behalf of the Board of Directors when approving non-compliant advertising campaigns.

# **BACKGROUND/ANALYSIS**

Metro's Advertising Policy currently states that allowable advertising must fit into one of three categories:

- 1. Commercial Advertising. The advertisement promotes or solicits a commercial transaction concerning the sale, distribution, or availability of goods, services, or events for an advertiser's commercial or proprietary interest.
- 2. Governmental Advertising. The advertiser is the United States government, the State of Maine, or any of the member municipalities of Metro and the advertisement furthers or supports a specific governmental purpose.
- 3. Metro-Endorsed Advertising. The advertisement is endorsed by the Metro Board of Directors pursuant to Article II.B.

At its May 2025 meeting, the Executive Committee recommended a change to the policy based on its review and discussion. The recommendation is to replace the Board of Directors with the Executive Committee as the body responsible for reviewing and approving advertisements that do not comply with Metro's advertising policy.

#### **FISCAL IMPACT**

Not applicable

# **RECOMMENDATION**

Executive Committee recommend approval of the revised Advertising Policy to Metro's Board of Directors.

Attachment A – Revised Advertising Policy 06/18/25

#### Article I. Applicability; Purpose

This Advertising Policy applies to all advertisements proposed to be displayed in or on any METRO buses, vans, shelters, bus stops, and other transit facilities (collectively, "METRO Transit Facilities") on or after the Effective Date.

The operations of Greater Portland Transit District (METRO) are funded by a combination of federal, state, and local funds, including fare revenues. Advertising revenues are an important supplemental source of revenue that is a part of METRO's operating budget and supports its transit operations. Revenues derived from advertising also reduce the local assessments for its member municipalities. METRO's purpose in allowing paid advertising to be displayed on or in METRO Transit Facilities is to maximize such supplemental revenue to support its operations without adversely affecting its ridership numbers or quality.

The purpose of this Advertising Policy is to establish uniform, reasonable, and viewpoint-neutral standards and procedures that are consistently applied in determining the acceptability of proposed advertising on or in METRO Transit Facilities.

## Article II. Nonpublic Forum; METRO as Proprietor; METRO's Speech Not Restricted

#### A. Nonpublic Forum; METRO as Proprietor.

METRO Transit Facilities constitute nonpublic forums that are subject to the viewpoint-neutral restrictions set forth in this Advertising Policy. Nothing contained in this Advertising Policy or its implementation by METRO, its employees, officers, or agents (including without limitation its Advertising Contractor) is intended or shall be construed to create, designate, or use METRO Transit Facilities as a public forum for expressive activities or general discourse.

By accepting advertising for display in or on METRO Transit Facilities, METRO is acting in a proprietary capacity as a provider of public transportation seeking to maximize advertising revenue to support its operations. In furtherance thereof, METRO limits the advertisements it will accept for display in or on METRO Transit Facilities in accordance with the provisions of this Advertising Policy.

## B. <u>METRO's Speech Not Restricted.</u>

Notwithstanding the Advertising Standards in Article III, METRO has the unqualified right to display in or on METRO Transit Facilities, and to prioritize the display of, (i) informational notices concerning METRO operations, services, or promotions; (ii) cross-promotional material; <sup>1</sup> and (iii) any advertisement that is procured or endorsed by the METRO Executive Committee Board of Directors, including without limitation commercial advertising, governmental advertising, and public service announcements. For purposes of this Advertising Policy, a vote by a majority of the METRO Executive Committee Members Board

<sup>&</sup>lt;sup>1</sup> "Cross-promotional material" means an advertisement that concerns a cooperative partnership in which one or more entities works together with METRO with the goal of jointly promoting their respective goods, services, events, or messages.

of Directors present and voting to approve or support an advertisement constitutes an endorsement.

- 8. <u>METRO's Endorsement</u>. The advertisement contains images, copy, or concepts that inaccurately state or imply METRO's endorsement of the subject of the advertisement.
- 9. METRO's Interests. The advertisement contains images, copy, or concepts that (i) encourage or depict unsafe behavior with respect to METRO's transit operations; (ii) are directly adverse to the commercial, administrative, or proprietary interests of METRO; or (iii) METRO reasonably foresees would incite or provoke violence or would otherwise result in harm to, disruption of, or interference with METRO's transit systems or services.
- 10. <u>Prurient Sexual Suggestiveness</u>. The advertisement contains images, copy, or concepts that describe, depict, or simulate sexual activities, or aspects of the human anatomy in a way that the average adult, applying contemporary community standards, would find appeals to the prurient interest of minors or adults in sex.
- 11. <u>Violence</u>. The advertisement contains images, copy, or concepts of graphic violence, including without limitation: (i) the depiction of human or animal bodies or body parts, or fetuses, in states of mutilation, dismemberment, decomposition, or disfigurement; or (ii) the depiction of weapons or other implements or devices used in the advertisement in an act of violence or harm on a person or animal.
- 12. <u>Vulgarity or Obscenity</u>. The advertisement contains images, copy, or concepts that are obscene, vulgar, crude, sexually suggestive, indecent, profane, or scatological.
- C. <u>Sponsorship Disclaimer</u>. METRO reserves the right to require that any advertisement accepted for display on or in METRO Transit Facilities include a statement of sponsorship ("This message is sponsored by \_\_\_\_\_\_") and/or a disclaimer indicating that the advertisement is not sponsored by METRO and does not constitute an express or implied endorsement of its content, viewpoint, or the advertising sponsor.

# Article IV. Review of Proposed Advertisement

For purposes of this Article IV, "Advertising Contractor" means the advertising agency or firm retained by METRO to solicit, review, and publish approved commercial advertising on METRO Transit Facility. "Contract Administrator" means the METRO <u>Executive Director General Manager</u> or designee.

A. <u>Initial Review by Advertising Contractor</u>. The Advertising Contractor will initially review each advertisement submitted for display or in METRO Transit Facilities to determine whether the advertisement complies with the Advertising Standards in Article III. If the Advertising Contractor determines that advertisement complies with the Advertising Standards, the Advertising Contractor may display the advertisement pursuant to the separate terms of its agreement with METRO. If the Advertising Contractor determines that advertisement does not, or may not, comply with the Advertising Standards, the Advertising Contractor will promptly forward to the Contract Administrator the proposed advertisement, name of the advertiser, size and number of proposed advertisements, proposed dates and locations of displays, and the reason for the Advertising Contractor's determination that the proposed advertisement does not, or may not, comply with the Advertising Standards.

- B. Review by Contract Administrator. Upon the Contract Administrator's receipt of the advertisement and supporting information, the Contract Administrator will review the advertisement and supporting information to determine whether the advertisement complies with the Advertising Standards. In reaching this determination, the Contract Administrator may consider any materials submitted by the advertiser and may consult with the advertiser, Advertising Contractor, and METRO's general counsel. If the Contract Administrator determines that the advertisement does not comply with the Advertising Standards, the Contract Administrator will so advise the Advertising Contractor of the determination in writing, who will in turn notify the advertiser. The determination of the METRO Contract Administrator is final.
- C. <u>Opportunity for Revision by Advertiser</u>. If the Contract Administrator determines that the advertisement does not comply with the Advertising Standards, the Advertising Contractor may, in consultation with the Contract Administrator, discuss with the advertiser revisions to the advertisement to try to bring the advertisement into conformity with the Advertising Standards, and the advertiser may submit a revised advertisement for review.
- D. Removal of Non-Complying Advertisements. Notwithstanding the foregoing Sections A, B, and C, if the Contract Administrator determines at any time that an advertisement accepted for display by the Advertising Contractor does not comply with the Advertising Standards, the Contract Administrator will notify the advertiser in writing of the determination and direct the Advertising Contractor to remove the advertisement. Upon such instruction, the Advertising Contractor will promptly remove the advertisement, will provide the advertiser with a copy of this Advertising Policy, and may, with the Contract Administrator, discuss with the advertiser revisions to the advertisement which, if undertaken, would bring the advertisement into conformity with the Advertising Standards. The advertiser will then have the option of submitting a revised advertisement for review. If METRO and the advertiser do not reach agreement with regard to a revision of the advertisement, the METRO Contract Administrator will issue a final written notice of its decision, which will then be relayed to the advertiser. The determination of the Contract Administrator is final.
